SmartBar for the Land Cruiser 70 Series

Product specifications

SmartBar - a lighter, stronger, safer, greener and smarter alternative to impact resistant bull and nudge bars. Specifically designed for the Land Cruiser 70 Series, the latest model of the Vehicle Frontal Protection System blends seamlessly to the contours of the vehicle, maintaining the intended aesthetics of the Toyota design while providing unbeatable safety.

SMARTBAR
THE SMART CHOICE IN VEHICLE SAFETY

Steel bar

SmartBar

Features

- Airbag compatible.
- SmartBar is tested to ensure that pedestrians have a much higher probability of surviving an impact.
- Weight savings provides improved fuel economy and reduced tyre, suspension and brake wear when compared to metal alternatives.
- Superior frontal protection.
- Supplied with two aerial mounts.
- Optional flag mounting bracket.
- Full bumper replacement design.
- UV stabilised for durability.
- Clear lens turn indicators.
- Styled to suit the vehicle's lines and aesthetics.
- Designed and manufactured in Australia.
- Minimal repair costs after impact.
- Minimal maintenance.
- Manufactured from environmentally friendly, recyclable polyethylene plastic.
- Easy to fit.
- Available in black.
